

Dear All,

We are witnessing very slow alumni registration in our online Google doc. This is slightly disheartening. Moreover, financial registration is **incomplete**. The authorized account (Jharkhand Rajya Gramin Bank) is verified and it's absolutely safe for fund transfer. However, since its Gramin Bank account, net banking and account transfer is working fine but UPI / scan & Pay option is not available. Hence, for the convenient of all, we have now added additional account (SBI) detail with **UPI detail, Google Pay Scanner, Phone Pay scanner, Paytm scanner**. All of us can now proceed towards completing the financial registration. **Just a gentle reminder, let's all make donations along with registration payment so our dream of minor renovation of the school can be achieved. Now is the time, to return our part of affection to our Alma mater. Your contribution will help our beloved school to restore to its glory.** Lets speed up the registration and confirm your participation. Please don't delay and create suspicion. **The committee needs to make advance payment to all the concerned vendors. The event is not sponsored from any external source, it's purely on the contribution of Alumni via Registration and donation.**
